JAPEX places orders for construction work and other services with JFE Engineering Corporation, but the total annual payments made by JAPEX to JFE Engineering Corporation accounted for less than 1% of JFE Engineering Corporation's net sales. Given that approximately two years have passed since Koji Kakigi retired from his position as Director of JFE Holdings, Inc., and considering both the shareholding ratio and the transaction volume as of March 31, 2026, with JFE Engineering Corporation, it has been determined that he does not have a material influence on JAPEX's decision-making. Therefore, JAPEX intends to designate him as an Independent Officer, as he is deemed to be in a neutral and fair position to pursue the common interests of shareholders.

## [Reference] JAPEX's View on Strategic Shareholdings

### 1) Standards for and view on the classification of investment shares

JAPEX classifies shares of companies we have determined to be necessary to promote smooth business execution and to maintain good business relationships for the purpose of achieving sustainable growth and enhancing medium- to long-term corporate value as “investment shares held for purposes other than pure investment (strategic shareholdings)” separately from investment shares held for pure investment purposes.

### 2) Strategic shareholding policy, etc., and holding status as of the end of the fiscal year

#### i) Shareholding policy, method of verification of the rationale for shareholdings, and details of verification by the Board of Directors, etc. of the appropriateness of shareholdings of individual issues

To verify the reasonableness of these shareholdings, the Board of Directors performs a qualitative evaluation related to the appropriateness of the purpose of holding for each issue and a quantitative evaluation on whether the benefits and risks from each holding are commensurate with JAPEX's cost of capital every year. If we determine that it has become less reasonable to hold certain issues based on these evaluations, we reduce the number of those shareholdings.

#### ii) Number of strategic shareholdings and total carrying amount

	Number of issues	Total balance sheet amount (Millions of yen)	Consolidated net assets as of the end of the fiscal year (Millions of yen)	Percentage of consolidated net assets
Unlisted shares	18	1,481	658,897	21.2%
Shares other than unlisted shares	4	138,447		

(Note) The Company does not hold any deemed-held shares.

(Issues for which the number of shares increased during the fiscal year)

Not applicable.

(Issues for which the number of shares decreased during the fiscal year)

	Number of issues	Total proceeds from sales related to reductions in number of shares (Millions of yen)
Unlisted shares	2	10
Shares other than unlisted shares	—	—

**Item 4: Payment of Bonuses to Directors**

In consideration of the business performance, etc. of the fiscal year ended March 31, 2026, the Company proposes to pay a total bonus amount of 67,729,000 yen to the eight (8) Directors that are not Outside Directors (of the total of fifteen (15) Directors) tenured during the fiscal year ended March 31, 2026.

Since this proposal is in line with the policy, etc. on determination of the amount of compensation, etc. for Directors, which has already been decided at the Board of Directors following deliberations at the Nomination and Compensation Advisory Committee, we believe that it is appropriate.

## **Item 5: Renewal of the Measures to Prevent Large-scale Acquisition of Our Company Shares (Takeover Response Policy)**

Japan Petroleum Exploration Co., Ltd. (hereinafter the “Company” or “JAPEX”) renewed, in the 53<sup>rd</sup> Ordinary General Meeting of the Shareholders, held on June 27, 2023, the “Measures to Prevent Large-scale Acquisition of Our Company Shares (Takeover Defense Measures)” (hereinafter referred to as the “Former Plan” after this renewal). The Former Plan will expire at the close of the 56<sup>th</sup> Ordinary General Meeting of the Shareholders (hereinafter the “Annual Shareholders’ Meeting”) to be held on June 23, 2026.

Prior to expiry of the effective period of the Former Plan, JAPEX has, in our Board of Directors Meeting held on May 13, 2026, decided to partially revise the content of the Former Plan and renew it (hereinafter the “Renewal” and the plan after the Renewal is the “Plan”) as undertakings based on the basic policy regarding the person controlling decisions relative to policies for our finances and business (refers to the policies in the provision in Article 118, Clause 3 of the Ordinance for Enforcement of the Companies Act, hereinafter the “Basic Policy”) to prevent the controlling of decision of policies of our finances and business by inappropriate persons (Article 118, Clause 3 (b) (2) of the Ordinance for Enforcement of the Companies Act), subject to the approval of our shareholders at the Annual Shareholders’ Meeting.

At the time of the Renewal, a review of terminology was made based on the “Guidelines for Corporate Takeovers” formulated by the Ministry of Economy, Trade and Industry in August 2023, as well as amendments to the Financial Instruments and Exchange Act. The Company’s current situation, such as the “JAPEX Management Plan 2026–2035” published in April 2026 and changes in the shareholder structure, was also reflected.

Therefore, we would like to request our shareholders to delegate to our Board of Directors the right to determine the matters related to the “allotment of share options without contribution” pursuant to the procedure mentioned in the following Item 2 “Details of the Proposal” in accordance with Article 12 of the Articles of Incorporation of our company.

### 1. Cause of the Proposal

#### (1) Basic Policy Regarding the Person Controlling Decisions Relative to Policies for Our Finances and Business

JAPEX considers that the person controlling our financial and business policy decisions should fully understand the content of our finances and business and the source of our corporate value, and is eligible to ensure and improve the corporate value and consequently, the common interest of the shareholders in a continuing, sustainable manner.

JAPEX believes the decision on an acquisition proposal with which is associated the transfer of corporate control should ultimately be made based on the general decision of our shareholders. Furthermore, JAPEX does not disapprove of large-scale share acquisition that contributes to our corporate value and consequently the common interest of the shareholders.

Nevertheless, among large-scale share acquisitions, there are many that do not contribute to the corporate value and the common interest of the shareholders, in the light of their purpose, including such that cause a clear infringement on the corporate value and the common interest of the shareholders, such that has the risk of a de facto coercion against the shareholders to sell their shares, such that does not provide sufficient time and/or information for the Board of Directors and the shareholders consideration of the content of the large-scale share acquisition or for the Board of Directors to propose an alternative plan, and such that require consultation and negotiation with the acquirer to draw out a more favorable condition than the conditions presented from the acquirer.

The large-scale share acquirer should understand the source of our corporate value not to mention the content of JAPEX’s finances and business, and unless he or she ensures and improves them for the medium-and-long term, our corporate value, and consequently the common interest of the shareholders will be damaged.

JAPEX considers such a large-scale acquirer that does not contribute to our corporate value and the common interest of our shareholders inappropriate as the controlling person to determine the policies of our finances and business, and thus consider necessary to protect our corporate value and consequently the common interest of our shareholders by taking essential and substantial measures against such attempts.

#### (2) Purpose of the Renewal

The Plan shall be renewed according to the Basic Policy described above (1) for the purpose of ensuring and improving our corporate value and the common interests of our shareholders.

The Board of Directors, as set forth in the Basic Policy, considers a person who performs the large-scale acquisition of JAPEX share certificates, etc., without contributing to our corporate value and/or the common

interests of our shareholders inappropriate for making financial and business policy decisions regarding the Company. The Plan aims to prevent the control of our financial and business policies by such inappropriate persons and deter large-scale acquisition that is detrimental to our corporate value and/or the common interests of our shareholders. At the same time, the Plan shall allow the Company's Board of Directors to ensure the necessary information and time required to propose an alternative plan to our shareholders or for our shareholders to sufficiently judge whether such a large-scale acquisition of JAPEX share certificates, etc., is acceptable and/or allow negotiation and other measures to be taken on behalf of our shareholders.

## 2. Details of the Proposal

### (1) Overview of the Plan

The Plan determines the necessary procedure for achieving the aforementioned purpose, such as demanding the prior provision of information from the acquirer, upon the emergence of a person who intends to acquire 20% or more of JAPEX share certificates, etc.

In case the decision of not implementing the Plan has been made by the Board of Directors based on the procedures of the Plan, the acquirer shall be authorized to make a large-scale acquisition of JAPEX share certificates, etc., only after such a board decision.

In case the acquirer does not comply with the procedure set forth in the Plan or the intended large-scale acquisition of JAPEX share certificates, etc., has a risk of impairing our corporate value and/or the common interest of our shareholders and if the predetermined requirements for the implementation of the Plan are satisfied, JAPEX shall allot share options without contribution regarding those with exercise conditions in which the exercise of rights by the acquirer is, in principle, impermissible or with acquisition clauses where JAPEX may, in principle, acquire share options from persons other than the acquirer in exchange for JAPEX shares and shall implement any other reasonable measures that could be taken under the laws and regulations and the Company's Articles of Incorporation.

In the event that the allotment of share options without contribution is executed according to the Plan, and associated by its execution or acquisition by JAPEX, when JAPEX shares are issued to all shareholders except for the acquirer, the percentage of voting rights the acquirer holds may be diluted up to a maximum of approximately 50%.

With regard to the decision whether to implement or not implement the allotment of share options without contribution, or to acquire, according to the Plan, in order to eliminate the arbitrary decision of the Board of Directors, it shall undergo the objective decision of the Independent Committee constituted only of Outside Director etc., who are independent from the Company's Board of Directors pursuant to the Independent Committee Provision. Moreover, in any of the predetermined cases in the Plan, the Board of Directors may convoke a general meeting of the shareholders to confirm the decision of the shareholders concerning the implementation of the allotment of share options without contribution.

We aim to ensure transparency of the process of these procedures through the timely disclosure of appropriate information to our shareholders.

### (2) Procedure for the Implementation of the Plan

#### (a) Share purchases that are the subject of the Plan's application

The Plan shall be applied when a purchase or other acquisition of JAPEX share certificates, etc., that falls under any of 1) to 3) described subsequently or a similar act (including any proposal thereof) is pursued (excluding those on which the Board of Directors has otherwise approved of not applying the Plan); hereinafter the "Acquisition(s)").

When the Independent Committee has decided that the description on the Acquisition Statement falls short as Required Information, JAPEX may request the Acquirer to provide additional information, with an appropriate reply deadline. In this case, the Acquirers are required to additionally submit such information to JAPEX by the relevant deadline.

1) Request to the Board of Directors for the submission of information

The Independent Committee shall, when the Acquisition Statement and (if applicable) the additional information are submitted by the Acquirer, determine an appropriate reply deadline (in principle, 45 days maximum in view of the scale, characteristics and diversity of the JAPEX Group) with due consideration to the time required for the collection of information and the review and/or valuation of materials by the Board of Directors (including such examination by outside experts, as required). The Independent Committee may also request the Board of Directors to present its opinion (including suspension of opinion; hereinafter the same applies.) on the content of the Acquisition proposed by the Acquirer and the supporting materials, (if available) alternative plans, and other information deemed necessary by the Independent Committee, as appropriate, with the appropriate reply deadline.

2) Reviews and other considerations by the Independent Committee

The Independent Committee shall, within an appropriate period (in principle, a maximum of 45 days in view of the scale, characteristics and diversity of the JAPEX Group) (hereinafter the “Reviewing Period of the Independent Committee”) after the receipt of the information (including the additional information requested) from the Acquirer and the Board of Directors (if the provision of information has been requested to the Company’s Board of Directors as described in 1) above), review the content of the Acquisition, collect information on and comparatively investigate the management and business plans of the Acquirer and the Board of Directors, and review the alternative plan provided by the Board of Directors.

(e) Procedure of advisory of the Independent Committee

The Independent Committee shall advise the Board of Directors as follows in compliance with the above procedure.

1) When advising the implementation of the Plan

When the Independent Committee judges that the Acquisition by the Acquirer falls under any of the causes for implementation (hereinafter collectively the “Cause for Implementation”) set forth in the following (3) “Requirements for the Allotment of the Share Options Without Contribution,” the Independent Committee shall advise the implementation of the allotment of the share options (of which the major content shall be as set forth in the following (4) “Overview of the Allotment of the Share Options Without Contribution”; hereinafter the “Share Options”) without contribution to the Board of Directors, except under special circumstances through which the further provision of information by or consultation and/or negotiation with the Acquirers is necessary. Meanwhile, the Independent Committee may, either before or after the implementation of the allotment of the Share Options without contribution, etc., issue a reservation that the shareholders’ decision should be heard and decided.

Regardless of the foregoing paragraph, even after the implementation of the allotment of the Share Options without contribution has been advised, if the Independent Committee deems that any of the conditions specified below applies, the Independent Committee may pause the allotment of the Share Options without contribution by two business days before the ex-rights day of the allotment of the Share Options without contribution, or, may issue a new advisory to acquire all the Share Options without contribution by one day before the date of commencing the Period of Exercise after the effective date of the allotment of the Share Options without contribution.

(i) When the Acquisition is paused or withdrawn by the Acquirer after the advisory or when the Acquisition is otherwise no longer existent<sup>13</sup>; or

- (ii) When the Cause for Implementation is no longer existent due to such reason that, for example, any change has occurred in the facts the decision of the advisory was based on.

2) When advising not to implement the Plan

When the Independent Committee determines that the Acquisition does not fall under any Cause for Implementation, the Independent Committee shall advise not to implement the allotment of the Share Options without contribution to the Board of Directors, irrespective of whether the Reviewing Period of the Independent Committee has commenced or has finished.

Regardless of the foregoing paragraph, even after the non-implementation of the allotment of the Share Options without contribution has been advised, if the Cause for Implementation becomes existent as a result of any change that occurred in the facts the decision of the advisory was based on, the Independent Committee may issue a new advisory to implement the allotment of the Share Options without contribution.

(f) Holding of the general meeting of the shareholders for decision hearing

With regard to the implementation of the allotment of the Share Options without contribution according to the Plan, the Board of Directors shall, in principle<sup>14</sup>, convoke a general meeting of the shareholders (hereinafter the “General Meeting of the Shareholders for Decision Hearing”<sup>15</sup>) to hear the shareholders’ decision regarding the implementation of the allotment of the Share Options without contribution.

(g) Resolution of Board of Directors

In case an advisory as outlined above has been given by the Independent Committee, the Board of Directors shall make a resolution as a body under the Companies Act regarding the implementation or non-implementation of the allotment of the Share Options without contribution, in utmost deference to the above advisory of the Independent Committee.

However, in the case a general meeting of the shareholders for decision hearing is held according to the following (g), the Board of Directors shall prepare a resolution based on the resolution of the general meeting of the shareholders for decision hearing.

(h) Information disclosure

In operating the Plan, JAPEX shall timely disclose the appropriate information as enumerated below in accordance with the governing laws and regulations and/or applicable rules and regulations of the stock exchanges: progress status of the respective procedures set forth in the Plan (including the fact of the Intent Statement and the Acquisition Statement submitted; the fact of the revealed existence of an Acquirer who intends to make the Acquisition without submitting the Intent Statement or the Acquisition Statement; the fact of the commenced Reviewing Period of the Independent Committee; and the fact of the extended Reviewing Period of the Independent Committee together with the extended period and the reason therefor), outline of the advisory of the Independent Committee, outline of the resolution adopted by the Company’s Board of Directors, outline of the resolution at the General Meeting of the Shareholders for Decision Hearing, and any other matters deemed appropriate by the Independent Committee or the Board of Directors.

  - 4) Act in which the Acquirer temporarily controls the management of JAPEX to dispose of expensive assets and/or other properties that are not active in the business of JAPEX Group for the foreseeable future, and with the disposal income, perform temporary high dividend payouts or sell-out of shares on the occasion of sharp rises in share prices due to such temporary high dividend payouts.
- (b) When the Acquisition has a risk of a de facto coercion towards the shareholders to sell their shares, such as coercive two-tiered tender offers (refers to an act in which shares are purchased in tender offers and such, without soliciting/offering the purchase of all shares in the initial purchase, but set the second tier purchase condition disadvantageously or without clarifying the second tier purchase condition);

In determining whether persons fall under the Unqualified Persons<sup>18</sup>, the Board of Directors shall hear opinions from the Independent Committee and pay utmost respect to the determination of the Independent Committee. Furthermore, under the applicable foreign law, non-residents, as they require prescribed procedures for the exercise of the Share Options, may not, in principle, exercise the Share Options. (However, on the condition that it is confirmed that the Share Options held by the non-resident does not infringe on the applicable law, they may become the object of acquisition by JAPEX in consideration of JAPEX shares as described in the following (i) 2)). In addition, persons who do not submit a covenant in a form prescribed by JAPEX containing a representation warrant clause with regard to that the person satisfies the requirements for exercise of the Share Options, compensation clause and other covenant wordings, cannot exercise the Share Options.

(h) Restriction on assignment of the Share Options

The acquisition of the Share Options through assignment requires the approval of our Board of Directors.

(i) Acquisition of the Share Options by JAPEX

- 1) In case the Board of Directors deem it appropriate for JAPEX to acquire the Share Options, JAPEX may any time acquire all the Share Options without contribution upon the coming of the date otherwise prescribed by the Board of Directors, until the day before the Commencing Date of the Period of Exercise.
- 2) JAPEX may, upon the coming of the date otherwise prescribed by the Board of Directors, acquire all the Share Options held by persons other than the Unqualified Persons, which are not exercised by the day before the date prescribed by the Board of Directors, and in exchange of such unexercised Share Options, may delivery the number of JAPEX shares equivalent to the Target Share Number per one Share Option.

Furthermore, in the event<sup>19</sup> that the Board of Directors acknowledges the presence of persons other than the Unqualified Persons among the holders of the Share Options after the date of such an acquisition, upon the coming of the date prescribed by the Board of Directors that is after the date of the above acquisition, all the Share Options held by such persons that remained unexercised as of one business day before the date assigned by the Board of Directors shall be acquired by JAPEX and in exchange for this, JAPEX may deliver shares equivalent to the Target Share Number per one Share Option, and the same principle shall apply hereafter.

- 3) JAPEX may, upon the coming of the date otherwise prescribed by the Board of Directors that is after the effective date of the allotment of the Share Options without contribution, acquire all the Share Options held by the Unqualified Persons, and in exchange for such Share Options, may deliver as consideration the share options in the same number as the Share Options to be acquired that are in principle not permitted to be exercised by the Unqualified Persons.<sup>20</sup> Details of such share options shall be prescribed in the Resolution for the Allotment of Share Options Without Contribution.
- 4) Other matters regarding the acquisition shall be separately prescribed in the Resolution for the Allotment of Share Options Without Contribution.

- (j) Delivery of share options in case of merger, demerger, incorporation-type company split, share exchange, and stock transfer

They shall be otherwise prescribed in the Resolution for the Allotment of Share Options Without Contribution.

- (5) Effective Period, Abolition, and Modification of the Plan

The effective period of the Plan shall be until the close of the Ordinary General Meeting of the Shareholders regarding the latest fiscal year ending within three years after the close of the Annual Shareholders' Meeting, which is the same as the delegation period of the authority to decide the matters concerning the allotment of the Share Options without contribution in the Plan to be in accordance with the resolution of the Annual Shareholders' Meeting.

However, even before the expiration of the effective period, if a resolution to abolish the Plan is made by the Board of Directors, the Plan shall be abolished at that point in time.

Furthermore, even during the effective period of the Plan, when an addition, revision, and/or abolishment of laws, financial instruments, or stock exchange rules concerning the Plan are appropriate to reflect on the Plan, when appropriate to correct the wordings by reason of typographical errors, or when the change of the Plan does not act against the intention to delegate based on the resolution of the Annual Shareholders' Meeting, such as when such changes are not detrimental to our shareholders, the Board of Directors may revise or modify the Plan upon the approval of the Independent Committee.

JAPEX shall promptly disclose information regarding the fact of the abolition, revision or modification of the Plan, (in case of a revision and/or a modification) the content of such revision and/or modification, and other matters.

- (6) Revision due to Amendments in Law

The provision of law referenced in the Plan is assumed as the provision in effect as of May 13, 2026, and should any addition, revision, or abolition of the law occur after the date and thus necessitates a revision to the clauses prescribed above or meaning of terms, such clauses or meaning of terms shall be appropriately interpreted within a reasonable range, upon consideration of the intention of the addition, revision, or abolition.

‘Qs and As’ about Allotment of Share Options without Contribution as Takeover Response

These ‘Qs and As’ are attached hereto not as reference documents for the ordinary general meeting of shareholders but as guide to plainly explain the Plan. For more accurate and detailed information, please refer to the explanations made in and after page 17 and the press release dated May 13, 2026 “Renewal of the Measures to Prevent Large-scale Acquisition of Our Company Shares (Takeover Response Policy).”

Q1. What is the purpose of renewing the Takeover Response Policy?

A. The Plan, for which we kindly ask your approval in Item 5, describes procedures to be taken by JAPEX when a large-scale acquisition of JAPEX shares occurs. It ensures the information and time necessary for our shareholders to decide whether to accept the acquisition or not and for the Board of Directors to propose an alternative plan, as well as to secure the opportunities for consultation, negotiation, or any other communication with the Acquirer. As mentioned above, we believe the Plan will contribute to ensuring and improving of our corporate value and the common interests of our shareholders. Therefore, we decided to renew the current Takeover Defense Measures, which will expire on the designated date.

Q2. Please explain the outline of the Plan.

A. The Plan is a Prior Warning-type Rights Plan under which Share Options are allotted without contribution in the case of threat of acquisition. In particular, the Plan includes the following.

- (1) Acquirers who intend to acquire 20% or more of the shares issued by JAPEX, are required to submit, in advance, the Intent Statement containing covenant wordings, etc., that express the intention to comply with the procedure set forth in the Plan and provide such information on the Acquisition Statement, etc., that is needed for examining the content of the acquisition.
- (2) The Board of Directors will immediately send the Acquisition Statement to the Independent Committee. The Independent Committee may request the Board of Directors to present its opinion on the content of the acquisition, the supporting materials and, (if available) alternative plans.
- (3) After receipt of the information from an Acquirer and Board of Directors, Independent Committee will review the content of the acquisition and the alternative plan provided by the Board of Directors and consult and/or negotiate with the Acquirer, while seeking advice from experts, etc.
- (4) JAPEX will reach a resolution concerning the implementation of the allotment of Share Options without contribution, only after obtaining a judgment from the Independent Committee, under the situation where Acquirers fail to comply with the procedures set forth in the Plan, or the Acquisition clearly infringes on our corporate value and the common interests of our shareholders, and where resist to such Acquisition is deemed appropriate. JAPEX may confirm the intention of our shareholders concerning the implementation of the allotment of Share Options without contribution.
- (5) The Share Options allotted in relation to the exercise of the Plan includes an exercising condition which restricts the exercise of share option rights to Acquirers and an acquisition condition that JAPEX can acquire share options in exchange for JAPEX shares from holders other than the Acquirer. If JAPEX shares are issued to our shareholders other than the Acquirer according to this, the ratio of the voting rights of JAPEX held by the Acquirer may be diluted to a maximum of 50%.

- Q3. The company's Takeover Response Policy is deemed highly reasonable. In what specific ways is the JAPEX's Takeover Response Policy highly reasonable?
- A. The characteristics representing the Plan's reasonableness are listed below:

Item	The company's Takeover Response Policy
Shareholders' intention	<ul style="list-style-type: none"> <li>• The intention of our shareholders will be reflected by obtaining the approval of the Plan at this shareholders meeting.</li> <li>• Even before the expiration of its term, the Plan will be instantly abolished, if the general meeting of shareholders or the Board of Directors resolves to abolish the plan. Therefore, the continuity or discontinuity of the Plan can depend on the shareholders.</li> <li>• In the event that the allotment of share options without contribution is implemented according to the Plan, the said implementation shall, in principle, be decided with a general meeting of the shareholders.</li> </ul>
Independent Committee	<ul style="list-style-type: none"> <li>• An Independent Committee comprised of independent Outside Directors, etc., is established.</li> <li>• The members of the Company's Independent Committee are two (2) Outside Director, one (1) Outside Auditor, each with high independency.</li> <li>• The implementation of the Plan must be made on the advice of the Independent Committee, which is given after consideration of the specific designated requirement.</li> <li>• The Independent Committee may receive advice from experts at the Company's cost.</li> </ul>
Condition for initiating the procedure Conditions for implementation	Reasonable and objective conditions are established.
Validity (sunset clause)	Three (3) years
Members of the Board of Directors	Eleven (11) Directors (if the candidates of Directors mentioned in page 5 to page 12 of this notice are elected at this shareholders meeting), including five (5) independent Outside Directors.
Abolition	The Plan may be abolished at any time by resolution of the general meeting of shareholders or the Board of Directors.
Disclosure of purpose, conditions for implementation, and procedures	Information is fully disclosed through press releases, resolution items and reference documents for the general meeting of shareholders, and at the general meeting of shareholders.
Delivery of notification of the convocation	The notification of convocation will be delivered on June 3, 2026 (Wednesday), twenty (20) days before the day of the ordinary general meeting of shareholders.

- Q4. How will shareholders be impacted, if the Plan is renewed?
- A. At the point of renewal of the Plan, the allotment of Share Options without contribution will not be made. Therefore, there will be no direct and specific impact on shareholders. Meanwhile, in the case where Acquirers appear and the Plan is implemented, Share Options will be allocated free of charge to shareholders excluding the Company. The shareholders to whom Share Options without contribution are allotted are entitled to receive, on and after the commencing date of the period of exercise, in principle, one share per one share option, by paying the money value equivalent to the exercising value decided in the Resolution for the Allotment of Share Options without Contribution within the range of one yen per one share for the purpose of the Share Options as the lower limit and one half of the market value of one JAPEX share as the upper limit. If certain shareholders do not exercise their Share Options, the shares held by those shareholders will be diluted as a result of the exercise of the Share Options by other shareholders. If JAPEX delivers JAPEX shares in exchange of acquiring the Share Options from shareholders, shareholders other than Acquirers will receive the corresponding JAPEX shares without following the exercising procedure on the part of the shareholders. If JAPEX follows such an acquisition procedure, the shareholders other than Acquirers will receive JAPEX shares without exercising their Share Options and paying a monetary amount equivalent to the exercise price, and therefore the dilution of owned JAPEX shares held

will not, in principle, occur.

- Q5. If an allotment of Share Options without contribution is implemented, what procedures should be followed by the shareholders?
- A. (1) Exercise of Share Options  
When exercising Share Options allotted through the allotment of share options without contribution, in principle, the shareholders will be required to submit, during the period of the exercise of the Share Options, the documents necessary for the exercise of Share Options (in the form prescribed by JAPEX which contains the clauses of representation, warrant, etc., that the shareholders meet the exercise conditions) and other documents necessary for the exercise of Share Options, and pay, in principle during the period of exercise of the Share Options, a monetary amount equivalent to the exercise price.
- (2) Procedure for the Acquisition of the Share Options by JAPEX  
If the Board of Directors makes the decision to deliver JAPEX shares to shareholders in exchange for the acquisition of Share Options, JAPEX will, according to statutory procedures, acquire the Share Options on the date determined by the Board of Directors, and deliver JAPEX shares in exchange for the Share Options. In this case, the shareholders may be required to submit a document in the form prescribed by JAPEX.
- Q6. Among the conditions relating to the exercise of the Share Options allocated by the allotment of Share Options without contribution, it is mentioned that non-residents (foreign residents), who are required under the applicable foreign laws and regulations to follow the prescribed procedures for the exercise of Share Options, may not, in principle, exercise their Share Options. Will non-residents be adversely affected by the Plan?
- A. First of all, if non-resident shareholders are not required under the applicable foreign laws and regulations to follow the prescribed procedures for the exercise of the Share Options, such as obligations to register securities, such non-residents may exercise their Share Options.  
Secondly, even if non-resident shareholders are required under the applicable foreign laws and regulations to follow the prescribed procedures for the exercise of Share Options, such as obligation to register securities, but if an exemption clause applies, the non-residents may, in principle, exercise their Share Options on condition that they meet the conditions of the said exemption clause.  
Furthermore, if it was confirmed that the acquisition by JAPEX of the Share Options held by the relevant non-resident by means of the implementation of the terms and conditions for acquisition does not conflict with applicable laws and regulations, JAPEX's shares will also be delivered to these non-residents upon acquisition by JAPEX of the Share Options.
