## Qualitative Information Concerning Consolidated Financial Position

For the consolidated balance sheet for the 3rd quarter of FY2007, as compared to the balance sheet as of March 31, 2006, current assets increased $¥ 6,969$ million due to increase in marketable securities. With respect to fixed assets, while property, plant and equipment increased as a results of progress in construction of the Shiroishi-Koriyama gas pipeline as well as drilling works of production wells, etc., investments in securities decreased due to decrease in difference on valuation of holding securities and decrease in collection of accounts receivable as well. As a result, total assets as of December 31, 2006 were an increase of $¥ 9,086$ million.

With respect to liabilities, current liabilities decreased $¥ 4,167$ million due to decrease in accounts payable. Fixed liabilities declined by $¥ 1,244$ million because of decrease in deferred tax liabilities reflecting decrease in difference on valuation of holding securities. As a result, total liabilities decreased $¥ 5,392$ million. Net assets as of December 31,2006 stood at $¥ 408,464$ million.

For status of cash flow during the first 3rd quarters reporting period, cash and cash equivalents ("funds") increased by $¥ 7,759$ million year on year to $¥ 50,842$ million.

## (Cash Flows from Operating Activities)

Funds provided by operating activities was $¥ 22,578$ million. The main components were $¥ 26,023$ million in income before income taxes and minority interests, $¥ 10,925$ million in depreciation and amortization, and $¥ 11,134$ million in income taxes.

## (Cash Flows from Investing Activities)

Funds used in investing activities was $¥ 12,880$ million. This was primarily due to reflecting the balance that deducts outlays of $¥ 18,169$ for acquisition of property, plant and equipment from interest and dividend income of $¥ 3,356$ million.
(Cash Flows from Financing Activities)
Funds used in financing activities was $¥ 2,034$ million. This was primarily due to payment of cash dividends of $¥ 2,549$ million.
