JAPEX Donates to Local Governments for the Damages by the Torrential Rain Disaster

Japan Petroleum Exploration Co., Ltd. (JAPEX) expresses its deepest sympathies to all those affected by the torrential rain disaster in Akita and Yamagata prefectures in July 2024.

JAPEX has decided to donate 5 million yen each to Yurihonjo City in Akita Prefecture and Sakata City in Yamagata Prefecture through the corporate version of the Hometown Tax Donations to support victims of the disaster. JAPEX announces that it has handed logbook to each local government.

JAPEX hope that the area impacted by the heavy rain will be back to normal as soon as possible.
